LOOKS LIKE HUNTER

But a Small Vote is Being Cast
In the Eleventh District.

Ten Thousand Miners Go On a Strike
In Colorado Closing 100
Mines.

A DEATH IN LOUISVILLE

SMALL VOTE CAST.

Louisville, Nov. 10—The special election in the Eleventh district to choose a successor to the late Congressman Boring is being held today. The name of Dr Godfrey Hunter, former minister to Honduras, is on the official ballot in some counties, while that of D. C. Edwards appears on the ticket in other counties. Former Congressman J. D. White is running as an independent. The instructions of the different counts to the election clerks are so conflicting that to obey one injunction disobeys another, and the clerks have in many instances been guided by personal preference.

Dispatches from the Eleventh district indicate that the vote is small and favors Hunter.

10,000 MINERS STRIKE.

Denver, Colo., Nov. 10—More than 10,000 coal miners in Colorado went on a strike yesterday for an eight hour day, increased wages and other concessions. The strike was ordered by the national officers of the United Mine Workers of America after the coal companies refused to confer with union representatives concerning the demands of the men. Of the idle men 6,000 are in the southern coal fields; 2,000 in the northern coal fields, and 1,800 in Fremont county. One hundred mines have been closed down.

PROMINENT LADY DIES.

Louisville, Nov. 10—Mrs. Andrew Ewing, mother of Mrs. Henry Watterson, died at 11:45 this morning at the residence of Mr. Watterson, "Mansfield," near Louisville, from heart trouble. She was 81 years old. The funeral will be Thursday morning from the residence of a son, Robert Ewing in Nashville.

MANY WARRANTS

THE POLICE HAVE BEEN KEPT
QUITE BUSY TODAY.

The police have been busy today serving warrants and tomorrow, from present indications, Police Judge Sanders will have quite a lengthy docket to dispose of.

Dock Porter, alias Ollie Porter, colored, was arrested for the alleged theft of a grip full of clothing from Daisy Lee, colored, who resides in Bond's Alley on the north side.

Bind Henderson, colored, was arrested for drawing an axe on J. E. Summers.

Warrants were issued against Jeff Carter and Mitchell Jackson, colored, who fought this morning, mention being made elsewhere, charging the former with two offenses, that of cutting Jackson's wife and with carrying concealed and deadly weapons. Jackson is charged with malicious striking with intent to kill.

Oal Hinton, white, was arrested for an alleged violation of the Sabbath by keeping his saloon open on Sunday.

French Owen, colored, was arrested for striking Viola Kelly, colored.

Mr. W. T. Miller went to Benton this morning on business.

FRANCE WAS NEXT

The Panama Republic Is Recognized by French.

Nothing Startling From Colon—This Government to Regulate Embarkation of Troops.

NEW TREATY TALKED OF

FRANCE RECOGNIZES PANAMA.

Paris, Nov. 10—The French government today recognized the *de facto* government of the republic of Panama.

LATEST FROM COLON.

Colon, Nov. 10—A coasting vessel left today for Puerto Belio, carrying a few troops who will hoist the flag of the new republic of Panama there.

Dr. Manuel Amador, minister of finance, and, Frederico Lloyd, a member of the junta, have been appointed by the provisional government a committee of two to go to Washington and arrange with the United States for canal and other necessary treaties. They will leave on the steamer City of Washington. It is said that the commissioners will endeavor to have amendments made to article 8 of the Hay-Herran canal treaty, and to eliminate article 12, in order that the entire territory of the republic may be made free to the commerce of the world which the commercial stipulations of article 12 are considered prejudicial.

WHAT UNCLE SAM SAYS.

Washington, Nov. 10—Embarking of Colombian troops from Buena Ventura or any other Colombian port for the isthmus will not be permitted by the Washington government, and American warships will be ordered to any port upon receipt of an intimation that Colombian troops will attempt to sail for the isthmus. The Washington government holds that this policy is in the interest of the general good.

THE CANAL TREATY.

Washington, Nov. 10—Reports are current to the effect that an effort is being made whereby negotiations for a Panama canal treaty might yet be resumed with Colombia, notwithstanding the defection of the department of Panama and the establishment of an independent government there.

MAY HAVE CANCER.

PEARS ENTERTAINED OF THE GERMAN EMPEROR.

New York, Nov. 10—Information contained in private dispatches received here shows that the operation on Emperor William is similar to the first one performed on his father, and consequently causes concern to his household.

It is recalled that surgeons at that time made nothing of the first operation on Emperor Frederick. There is anxiety because both Emperor William's father and mother died of cancer and his grandmother Augusta also was so afflicted. The emperor's aunt, the grand duchess of Baden, as is well known in Germany, is suffering from the same malady.

It will take months to decide whether the emperor has cancer.

WILL RECOVER.

CHANCES FOR FIREMAN EDGAR BUCK IMPROVE.

Parents of Mr. Edgar Buck, who was injured perhaps fatally near Pine Bluff, Ark., in a railroad accident last week, this morning received a letter from the physicians at Little Rock saying that the boy was now improved. He was at first unconscious, but has now regained his senses and his doctors think he will recover. This will be encouraging news to his many friends here. He was struck by the crown plate of the boiler blowing off.

STEEL STOCKS.

New York, Nov. 10—Steel stocks were the feature of the market again today, and both the preferred and the common touched new low records. The common stock sold low, \$10 per share, and preferred at \$19.75 per share.

A TOBACCO MAGNATE DYING

TO FIX RAILROAD RATES.
Louisville, Ky., Nov. 10.—Acting under the new McCord railroad bill, the state railroad commission will meet this week to fix freight and passenger rates on all railroads in the state. This will be the first time the commission has ever exercised the right given under the bill. All lines will be notified of the time and place of meeting. Ever since the passage of the McCord bill in the old Goebel legislature the railroads have been fighting the power of the commission to fix rates. The case was carried to the supreme court and the law was upheld.

O. C. McCord, chairman of the commission and author of the bill, said today that rates on all the roads would be fixed at what the commission believes to be reasonable and just. It is not likely that passenger rates will be changed, except on some roads where more than 3 cents a mile is charged. The commission will look into the long and short haul rates where there are alleged violations between some 150 towns in the state.

PROMINENT MAN DEAD.

Harrodsburg, Ky., Nov. 10.—Prof. John Augustus Williams, one of the best-known and most prominent educators in the state, died here after an illness of only three days. He was seventy-nine years old. Prof. Williams was born in Bourbon county, near Paris, September 25, 1824. He was graduated from the Bacon College at this place, after which he went to Columbia, Mo., and had charge of the college there until 1856, when he came here and opened Daughters' College, for many years one of the most famous institutions for young women in the state. He was the author of a number of well-known books and had just prepared the manuscript for another at the time of his death. He was married February 15, 1848, to Miss Mary Louise Hathaway, of Mt. Sterling, who died about sixteen months ago. Six children were born to them, all of whom are dead except Augustus E. Williams who lives here.

GIRL ATTEMPTS SUICIDE.

Fulton, Ky., Nov. 10.—While visiting Mrs. Al Smith, Miss Pearl Hubbard, of Central City, Ky., a young girl 18 years old, attempted to commit suicide by drinking laudanum. Miss Hubbard left home in Central City about a year ago on account of her step-mother's mistreatment. Miss Hubbard has made many friends in Fulton during her residence here and the sensation created fully demonstrates the fact that she is very popular. The young lady has made threats of suicide, but no one paid any attention to her, thinking it only a joke. An old love affair is doubtless the cause of her rash act. She is now out of danger.

TAKEN BACK TO ANSWER.

Lexington, Ky., Nov. 10.—Deputy Sheriff E. F. Taylor and Attorney Floyd Strader, of Randolph county, W. Va., arrived here with requisition papers for the return of W. E. Akire, wanted in that country on the charge of murder. The crime for which Akire is wanted is the alleged killing of John Blacksheep, which occurred in a drunken quarrel several weeks ago. When arrested here two weeks ago Akire feigned insanity, but has regained his mind during his confinement.

TRACKED BY HOUNDS

Hopkinsville, Ky., Nov. 10.—The general merchandise store of David Smith at Fruit Hill was broken open and robbed. Two policemen and bloodhounds were sent from here to Fruit Hill. Joe Lewis and Jim Jones, colored, were tracked and found four miles from the store, having in their possession \$100 worth of goods. Smith identified himself as his. The parties are in jail, having confessed the theft.

KILLED IN WRECK.

Ashland, Ky., Nov. 10.—Frank White, a former resident of this city, and son of the late Dominique White, was instantly killed in a wreck on the Big Four near Cleveland, O. Mr. White was conductor on the train.

TO CURE A COLD IN ONE DAY.
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. Dr. W. Grove's signature is on each box. Mc-

On the navigable waters of the western rivers, following a channel course 3520 miles long, Uncle Sam maintains nearly 1500 post lights, day marks and floating lights to guide pilots and navigators of his mighty streams, says the Washington Times. He pays his 1500 light keepers sums varying from \$50 to \$250 a year to trim and oil his inland beacons once a day. His anxious care for the safety of the thousands and craft that steam over the surface of this great waterway is such that he lights the course with a clear warning glimmer at short intervals of a few hundred yards, where it is dangerous and difficult.

Pilots and river captains are kept well informed of the location of lights on which side of the channel they are placed, the color, name and number of the light, and the distance to the fraction of a mile from the headwaters of navigation.

Along the Ohio river, from Pittsburgh to the Mississippi, there is a light about every two miles, unless some portion of the river is unusually crooked, when the lights are placed at more frequent intervals.

Some old veteran, whose hardworking days are over, and on whose reliability the lighthouse inspectors can depend, usually is selected for the simple task of cleaning and trimming the lamps.

The distance the keeper has to walk regulates the amount of his pay. It is worth \$20 to \$30 a month that some of them receive to make the trip of as high as five miles 365 days a year.

Charts and navigating directions are not of much use, as the rivers change their courses and channels with dangerous frequency.

The lights and day marks are posted on that side of the river on which the channel runs, and are moved with the course of the current. Upward of 2000 people are employed, some of them, of course, at a modest stipend, to light the way for the inland mariner, and keep his course clear of dangerous obstacles.

The inland lighthouse districts have their headquarters at Cincinnati, St. Louis and Memphis, and each is in charge of an inspector and a corps of assistants. The largest district embraces the Ohio, Kanawha and Tennessee rivers of 1296 navigable miles, with 228 lights needing regular supplies of oil, wicks and lamp chimneys.

The Mississippi is divided into two districts. Above Cairo to St. Paul the fifteenth district includes the Mississippi, Missouri and Illinois rivers of 1463 navigable miles.

Below Cairo to New Orleans, the sixteenth district, extends to the gulf, a distance of 1053 miles, of the Mississippi and nine miles of the Red river, with 291 lights.

Bridge piers are marked with the red lamp and a green light swinging in the center of the span. It is a curious fact, and one of which the pilots complain most loudly, that bridge lights are poorly attended to, and usually a dull, sickly glow, hardly discernible through the dirty, smoky glass of the ill kept lamp. Steubenville bridge, with its narrow span and dangerous center pier, probably is the cause of more wrecks than any other obstacle in the Ohio river, and has as poor a set of lights as there is to be found along the entire course.

Rivermen speak with praise of the way the old country lightkeepers attend to their lights. With a polished glass chimney, evenly trimmed wick, and a full can of oil, they send out a ray that can be seen for miles through the darkness of the night. When the post light is on a high bluff it is as good a steering point as could be provided.

The first government lights were established along the rivers about 1870. **OPINION OF AN EXPERT.**

FREE FACE BLEACH FOR COMPLEXION

I WILL SEND FREE TRIAL BOTTLE OF MY FACE BLEACH TO ANY LADY SENDING NAME AND ADDRESS.

MME. A. RUPPERT, 6 E. 14TH ST., New York City

How to Obtain a Lovely COMPLEXION Clear and Beautiful

It is every woman's duty to be as youthful and good looking as possible, and there is nothing which adds more beauty than a lovely complexion, and there is no remedy which will restore the complexion and give one that youthful appearance like Mme. A. Ruppert's World Renowned Face Bleach. This grand remedy clears the skin of every discoloration, and impurity, including pimples, freckles, moth patches, brown spots, liver-marks, comedones, flesh-worms, black-heads, oiliness, yellowness, mudness and skin diseases. It accomplishes these wonderful effects by drawing the impurities and discolorations to the surface of the skin and thus removing them. It bleaches by gradually sealing off a slight surface of the outer skin. It does this in so natural a manner as to be entirely harmless to the most delicate complexion, and, having this action, it cannot fail to produce excellent effects.

Most marvelous results are obtained when Face Bleach is used according to my new Special Directions in conjunction with my Egyptian Balm, which nourishes and feeds the tissues and glands of the skin, and aids the finishing touch which refines, purifies and preserves the skin in its pristine splendor, giving it the glow of youth.

Now, in order that every lady reader of this paper may obtain the highest possible effect from the use of my preparations, I will make the following stupendous offer to all callers at the below address. A bottle of my Face Bleach, a jar of my Egyptian Balm, a bar of my most exquisite Almond Oil Complexion Soap, my New Special Directions, my book, "How to be BEAUTIFUL"—all for \$2. The price of Face Bleach alone is \$2 per bottle, hence you receive articles absolutely free.

THE FATAL COURTSHIP.

Find Man Who Is Watching.

A Mouse, having assisted a Lion in escaping from a net in which he had been caught, was so emboldened by the offers of friendship made to him by the Lion in return for his assistance, that he asked for the hand of his daughter in marriage. The Lion, amused at the request, good-humoredly told the mouse he should plead his own cause, and called the young Lioness to come to him. She, bounding forward heedlessly, did not see her little lover, who was running to meet her, and, one of her paws falling upon him, he was crushed to pieces.

A REPORTED CURE FOR CANCER IN EUROPE

London, Nov. 10.—A new treatment if any of them, is the cause of cancer. Dr. Schmidt believes he has isolated the specific parasite.

"With this parasite Dr. Schmidt has done two things: He seems to have sterilized it with liquid air and has also injected it into animals and developed a serum which has the power of destroying cancer cells. Sterilized parasites he used for one treatment. Animal serum he used for his second treatment. Success of the discovery depends upon arrest of the process, removal of the growth and the fact that no vital organ has been seriously injured."

FEDERATION OF LABOR.

IT IS UNDERSTOOD THERE IS A SOCIALISTIC MOVE ON.

Boston, Nov. 10.—The convention of the American Federation of Labor began yesterday in Faneuil Hall. The arrivals include Samuel Gompers and President Mitchell.

The convention will be in session at least ten days and 470 delegates, representing 17,000 votes, will be in attendance.

One of the principal questions to be considered by the convention will be whether the American Federation of Labor shall recommend that its affiliated members ally themselves with that political party which in their judgment will best promote the cause of labor. It is said that a resolution will be introduced implicitly pledging the Federation to the cause of Socialism.

Among the other questions to be discussed are those of industrialism against trade autonomy, women and child labor, the eight-hour question, trade jurisdiction, arbitration of labor difficulties and unionism in government offices.

STILL ALARMING.

THE YARD BLOCKADE DOES NOT IMPROVE

The local Illinois Central freight yards are assuming an alarming condition and the passenger trains are being affected by the congested condition of the yards and are being delayed. Not only are the Paducah yards in bad shape but the yards at both points on the Louisville and Memphis divisions are also becoming clogged up with fast accumulating cars.

This morning the main line was managed a little better than yesterday in the yards and the train was delayed but a short time. The yard men are working heroically but can hardly master the situation. Nothing but company coal and manifest freight is being handled.

ST. LOUIS RATS DYING BY THOUSANDS.

St. Louis, Oct. 13.—Since the introduction of Stearns' Electric Rat and Roach Paste in this city, thousands of rats and mice have been killed by its use. It is sure death to rats, mice, water bugs, cockroaches, etc. It clears the house of rats and mice, driving them out of doors to die. Druggists and grocers generally have this excellent article in stock. It is easy to use and can always be relied upon. If you cannot get the paste of your dealer, order direct of the Stearns' Electric Paste Co., Chicago, Ill., and on receipt of price they will forward it by express prepaid. HAPPY DAYS

WHEN FRIENDS SAY "HOW WELL YOU LOOK."

What happy days are those when all our friends say "How well you look."

We can bring those days by a little care in the selection of food just as this young man did.

"I had suffered from dyspepsia for three years and last summer was so bad I was unable to attend school," he says: "I was very thin and my appetite at times was poor while again it was craving. I was dizzy and my food always used to ferment instead of digesting. Crossness, unhappiness and nervousness were very prominent symptoms.

"Late in the summer I went to visit a sister and there I saw and used Grape Nuts. I had heard of this famous food before but never was interested enough to try it, for I never knew how really good it was. But when I came home we used Grape Nuts in our household all the time and I soon began to note changes in my health. I improved steadily and am now strong and well in every way and am back at school able to get my lessons with ease and pleasure and can remember them too, for the improvement in my mental power is very noticeable and I get good marks in my studies which always seemed difficult before.

"I have no more of the bad symptoms given above but feel fine and strong and happy and it is mighty pleasant to hear my friends say: "How well you look."

ALABAMA LYNCHING.

NEGRO STRUNG UP FOR ATTEMPTING TO CRIMINALLY ASSAULT A WHITE WOMAN.

Birmingham, Ala., Nov. 10.—A special from Ragland, Ala., says a report has just reached there from Cozi City, St. Clair county, that a negro named Charline Young was lynched near that place for attempting a criminal assault on Mrs. Barbour, a white woman. Mrs. Barbour was alone at home when the negro entered the house. Her screams frightened him away. Young worked at a railroad construction camp on the Seaboard Air Line.

THE METHOD IN HIS MADNESS.

(From the Chicago Record-Herald.)

"So your son has married a lady who is a professional whistler? How did he ever come to do that?"

"Because," said Mr. Henpeck, getting his word in first, "he knew she couldn't talk when she was whistling."

FOR THE PUBLIC GOOD

THE INFORMATION CONTAINED IN THIS CITIZEN'S STATEMENT IS INVALUABLE TO PADUCAH PEOPLE.

When a resident of Paducah, whose statement appears below, who has no monetary or other interest in the article which he endorses, who is anxious to do his acquaintances a good turn, who publishes in this paper his experience with Doan's Kidney Pills—that citizen must have good and sufficient reason for doing so. The following should dispel any doubts which may have existed in the reader's mind on this subject:

W. W. Morris, residing at 302 Brownson street, a school teacher well known in Paducah, says: "One of the members of my family has been troubled with kidney disease for some time. A good number of would-be cures were tried but they did not permanently relieve the trouble. We noticed an advertisement about Doan's Kidney Pills and sent to DuBois & Co.'s drug store and got a box. The pills were used and found to do all that is claimed for them, and we can endorse this remedy to anyone who is a sufferer from kidney trouble for we have great confidence in its merits."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

IN CIRCUIT COURT.

SUIT FOR ALLEGED SLANDER NOW ON TRIAL.

At press time the case of T. H. Smith against Tony Iseman was in the hands of the jury, the evidence having been concluded just before noon.

Smith alleges in his suit that Iseman called him a "damned thief" to another party and asks \$5,000 damage for the slanderous remark.

At press time the case of F. G. Randolph, administrator of John Bell, who was killed by a fall at Fourth and Broadway against the Paducah Railway and Light company, was on trial.

The cases of Dr. Frank Boyd against the McCracken county fiscal court and M. M. Cooley against the same, for malpractice services, were continued yesterday afternoon late.

It seems that there was some misunderstanding as to who should be summoned to appear before the court, the county judge or the entire fiscal court and finally the cases were continued over. Dr. Boyd sue for \$900 and Dr. Cooley for \$130.

In the case of Mrs. H. L. Whitesides against the city of Paducah, the style of the suit was changed to G. M. Thomas and Florence Whitesides, administrators of H. L. Whitesides, against the city of Paducah. She resides at Chattanooga, Tenn.

A judgment for sale was filed in the case of Emily Graham against Morris McIntyre and others.

Mrs. Eva Clayton was this morning granted a divorce from her husband George Clayton and given also the custody of her child.

TURKEY SUPPLY

Is Taking Up Every Available Car, Even the Baggage.

"The Burgomaster" Must Take Its Scenery out of Paducah in a Steck Car.

The Kentucky turkey controls the supply of baggage cars for theatrical companies that are moving eastward. The corn fed, Borbo raised and blue grass fattened gobbler is in the greatest demand in the eastern markets now. In anticipation of Thanksgiving dinner, and as a result all the railroads running to the east are using every available car for the shipment. Freight cars are not enough, and the large 60 foot baggage cars, built especially for theatrical hauling, have been called into service.

"The Burgomaster" company, after playing Paducah will move through Louisville east over the Chesapeake and Ohio Railroad into Washington and Philadelphia. The company can get its scenery and baggage into a 60 foot car, by crowding. When the business manager, T. M. Leary, made arrangements with the road

IT'S SIMPLY A CASE OF BILIOUSNESS

You're not the only person who suffers from biliousness. There are hundreds, yes thousands of persons right now in the same fix. You feel sort of dizzy—just as if every step you take, you'd fall over. Then your head aches. Your tongue is coated and you look and feel miserable all over. You can't work in your present condition. It's useless. Your appetite is gone. You look yellow. Your breath is bad and you lack energy. What you need, and need badly, is

Dr. Thacher's Liver and Blood Syrup

"The Road to Good Health"

This remedy has been on the market for over 50 years. It has been making cures of biliousness all these years. Here are two—we have thousands more: "I have purchased several bottles of Dr. Thacher's Liver and Blood Syrup and find it to be the best liver used for biliousness." "I am using Dr. Thacher's Liver and Blood Syrup and find it to be the best liver medicine ever used and I have used a great many." JOHN F. EDGELEY, Prattville, Ala.

Dr. Thacher's Liver and Blood Syrup works on the liver and restores it to its proper function. It gives you an appetite, clears the complexion, and makes a new person of you. Take it and be cured. 50 cents and \$1.00 per bottle at all druggists. Dr. Thacher's Liver Medicine.

A BIG JOB

THE OSBORNE CONTRACT TO BE LET SHORTLY.

The I. C. is receiving estimates for work on the transfer steamer Osborne, and the contract for a thorough overhauling of this craft will probably be let in a few days.

Several months ago the inspectors made the company take the boat out of service as it was considered unsafe and since that time the St. Louis trains have been transferred from Paducah to Brookport on a barge towed by the steamer Woolfolk and later the steamer Tex Broock. Last week the company called for bids which have been furnished by the Paducah Marine Ways company, the ways company at St. Louis and also the Mount City Ways company. There are several other companies bidding but these are the most prominent.

It is understood that the work will amount to something like \$25,000 and will be a big thing for the firm handling it. The boat has to be practically rebuilt. The hull will be rebuilt but much of the old machinery will be used again. The woodwork will have to be made new entirely, it is said. The result of the bidding will be made known probably before the week is out. The bids have to be taken to headquarters in Chicago where the decision is made.

TAX RATE

IT WILL BE SEVERAL WEEKS BEFORE THE BOOKS ARE READY.

The assessment for city taxes in Paducah is nearing completion, and Assessor Dick will have the books ready for the supervisors in a few weeks now, and the supervisors will be appointed and begin their duties in January.

The appropriations for various city departments are then made and the tax levy ordinance is passed in March.

While it will be some little time until the tax rate is decided on, there is already considerable speculation as to what it will be for next year.

The SKY PILOT

By RALPH CONNOR

Author of
"The Man From Glengarry"

Copyright, 1899, by FLEMING H. REVELL COMPANY

"Don't think I put this up on you," Jack said. "It was that cape. He ain't used to such trifles. But it was a chrous," he added, going off into a fit of laughter, "worth \$5 any day."

"You bet," said the half breed. "Dat's make pretty long fun, eh?"

It seemed to me that it depended somewhat upon the point of view, but I merely agreed with him, only too glad to be so well out of the tight.

All day we followed the trail that wound along the shoulders of the rounded topped hills or down their long slopes into the wide, grassy valleys. Here and there the valleys were cut through by cañons through which ran swift, blue gray rivers, clear and icy cold, white from the hilltops we caught glimpses of little lakes covered with wild fowl that shrieked and squawked and splashed, careless of danger. Now and then we saw what made a black spot against the green of the prairie, and Jack told me it was a rancher's shack. How remote from the great world, and how lonely it seemed this little black shack among these multitudinous hills!

I shall never forget the summer evening when Jack and I rode into Swan Creek. I say into, but the village was almost entirely one of imagination. In that it consisted of the Stopping Place, a long log building, a story and a half high, with stables behind, and the store in which the post office was kept and over which the owner dwelt. But the situation was one of great beauty. On one side the prairie rambled down from the hills and then stretched away in tawny levels into the misty purple at the horizon; on the other it chambered over the round, sunny tops to the dim blue of the mountains beyond.

In this world, where it is impossible to reach absolute values, we are forced to hold things relatively, and in contrast with the long, lonely miles of our ride during the day these two houses, with their outbuildings, seemed a center of life. Some horses were tied to the rail that ran along in front of the Stopping Place.

"Hello!" said Jack. "I guess the Noble Seven are in town."

"And who are they?" I asked.

"Oh," he replied, with a shrug, "they are the elite of Swan Creek, and, by Jove," he added, "this must be a perfect night."

"What does that mean?" I asked, as we rode up toward the tie rail.

"Well," said Jack in a low tone, for some men were standing about the door, "you see, this is a prohibition country, but when out of the boys feels as if he were going to have a spell of sickness he gets a permit to bring in a few gallons for medicinal purposes, and, of course, the other boys being similarly exposed, he invites them to assist him in taking preventive measures, and," added Jack, with a solemn wink, "it is remarkable, in a healthy country like this, how many epidemics come near catching us."

And with this mystifying explanation we joined the mysterious Company of the Noble Seven.

"IL TROVOTORE."

Joseph Fredericks as Manrico,
Francis Carrier as Count de Luna,
Alex Lyon as Fernando,
Arthur Bower as Ranz,
Walter Condit as the gipsy,
Mabel Klar as Inez,
Daise Thorne as Leonora; and
Rose Cecilia Shay as Azucena.
Peasants, smugglers, gypsies, re-
tainers, etc., by the company.
Carlo Nicosai, musical director.

Paducah theatre goers had their first taste of real grand opera last night in the presentation of "Il Trovatore" by the Rose Cecilia Shay Grand Opera company. Speaking in general, the production seemed to be satisfactory in every respect to the large audience. It could not be expected that the average person, who had never before in his or her life heard grand opera, would be able to fully appreciate it but especially those with a musical education were delighted with the performance, and there were very few expressions of disapproval heard.

The principals were very fine, especially Miss Shay. Her voice and acting are both excellent, and she had splendid support. Miss Daisy Thorne, the soprano, being one of the most pleasing singers ever heard here. Miss Mabel Klar, who plays "Inez," was taken suddenly ill before the performance and an understudy had to sing her part, but the role was a minor one, and the audience was unable to detect any change. Mr. Carrier has a baritone of great volume and clearness, and Mr. Alex Lyon, the basso, in the initial solo, convinced the audience of his vocal powers. Mr. Joseph Fredericks, the tenor, has a soft, musical voice but it was considered somewhat weak.

The chorus is small, and in "Il Trovatore," at least disappointing.

The orchestra is one of the best ever heard in Paducah, and consists of eight Italian musicians. The audience showed its appreciation last night by repeated curtain calls. Miss Shay and her company made a good impression on Paducah amusement lovers, and Miss Shay has firmly established herself as favorite here.

A piece of light scenery fell down on Miss Shay while she was singing during the last act, but did not injure her, as it was merely a frame covered with canvas. She was quite startled by the mishap, and there was for a moment a flutter of excitement in the large audience, but it soon passed away and the opera was finished as if nothing had happened.

That jolly jingle "The Burgomaster," one of the merriest musical comedies that has ever been in Paducah will make its bow here at The Kentucky Thursday night again. The production promised this time, in more ways than one, is decidedly different from that seen last season, and although it contains all of the old familiar melodies, nevertheless it admits of many new musical numbers which are introduced, in addition to many bright vaudeville features. The company is the largest and most eminent this merry mélange has ever had, and comprises Ruth White, Oscar Figman, Thomas Bickett, William Riley Hatch, R. J. Moye, Charles Sharp, George McKissick, Helen Dexter, Hammett Sheldon, Louise Brackett and Josephina Ditt, in addition to the celebrated "girlie" chorus of Western beauties.

"A Romance of Coon Hollow" is one of the largest dramatic productions on the road. Besides a magnificent equipment of scenic, calendar and electrical effects, and a strong setting company, there are carried a band of colored boy and girl dancers, and vocal quartette. It has been before the public for more than nine successful seasons. The company, in addition to being a specially selected one, is strengthened by the special engagement of little Ruby Erwood, and will appear at The Kentucky Saturday matinee and night. Special 25c matinee. Night prices, first 12 rows orchestra, 75c. Balance of orchestra and balcony, 50c.

One of the most important events of the present theatrical season will be the appearance at The Kentucky on Monday, November 23, of Miss Helen Grantly in Lorimer Stoddard's romantic drama, "In the Palace of the King," dramatized from F. Marion Crawford's novel of the same name. Miss Grantly is surrounded by an exceptional company and a wealth of magnificent scenery.

HOME TESTIMONIALS.

This is to certify that I believe my feet were saved by the timely use of a pair of Walk-Overs. I was hardly able to navigate before I began wearing them, and the shoe merchants had given me up. I am now entirely cured of foot sore and can cheerfully recommend to any man who is a sufferer this wonderful shoe. Very truly yours,

MEN AND THE WIDOW.
(From the Chicago Record-Herald.)

"Young Mrs. Woodlett says she'll never marry again."

"I know she says so, but I happen to hear her make the remark once, before she ever thought of being one herself, that a pretty young widow who protected that she would never marry again always attracts men like a sugar bowl draws flies."

POINT IN ITS FAVOR.
(From the Chicago Tribune.)

"They've begun to loop the loop in an automobile. Isn't that a crazy thing to do?"

"Yes, but it makes the thing dangerous only to the fellows that are riding in them."

BEECHWOOD EMULSO-HYPO
WITH IRON

Makes Fat, Strength, Blood, Bone and Muscle.

Shoffner-Hayes Medicine Co., Paducah, Ky.

In 1901 my mother commenced taking Hayes' Beechwood Emulso-Hypo with Iron, when the doctors said her lungs were so badly involved that she would not likely be alive but a few weeks. It improved her so rapidly that she was soon in good health for one of her years. I wish you the success you deserve with your Emulso-Hypo.
